

UNITED CENTRAL
INDUSTRIAL SUPPLY®

www.unitedcentral.net

www.nmscanada.ca

Our mission is to help North American mine operators deliver more tons, lower costs, improve safety and enhance operational efficiencies.

Put our experts to work for you.

Our product managers can help you make the right decision. With more than 275 years of combined experience and extensive product-specific training, the product management team at United Central is unparalleled. When we claim to provide the right support, our professionals deliver. Put their practical experience and mining knowledge to work for you so you can select the products that will best serve your needs.

Whether your questions are related to a product line in general or you are looking for specifics about a particular brand, our team has the knowledge to help you make an informed decision. Every product manager on our team has completed factory training with one or more of our major manufacturing partners.

The product management team is yet another way that United Central strives to be the best at serving our customers' needs. To reach the product management team, please contact your local branch or visit us online at www.unitedcentral.net or www.nmscanada.ca.

The Right Products. At The Right Place. With The Right Support.

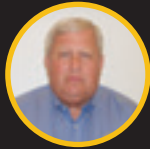

UNITED CENTRAL INDUSTRIAL SUPPLY®
