## WE SERVE...

### UTILITIES LUBRICATION EQUIPMENT

We serve utilities and municipalities all over Arizona with our extensive line of quick connectors, pumps, reels, hoses and valves. And our on-site repair shop has **25 years of experience**.

### INDUSTRIAL LUBRICATION EQUIPMENT

**Setting up a new lube shop?** Need help with a lube system on your new equipment? We can design, provide and install a lubrication system for your plant or mobile equipment. From replaceable single point lubricators to automatic multi-point centralized systems from Lincoln Industrial, Farval and LubeSite – make us your first call.

### MINING LUBRICATION EQUIPMENT

**Copper, Gold, Coal** – The mining industry giants in the southwest United States with names like Freeport McMoran, Asarco, Newmont, Barrick, Peabody Coal and BHP all rely on Lubrication Equipment and Supply Co. for lube injectors, pumps, reels, hose, nozzles and valves. Only heavy duty equipment from manufacturers like Lincoln Industrial, Parker Hannifin, Hannay and Farval can stand up to the demands of these mining environments.

### CONSTRUCTION LUBRICATION EQUIPMENT

**Constructions Companies** – Don't let your mobile equipment stay down and cost you money. We have experienced personnel that can come to your location and provide new Parker hoses or lube system repairs that will get you back to work.
